LONDON. E.C.3.

Your Ref: Classn(H)

Dear Sir,

m.s. "REGENT JAGUAR"

We have to acknowledge receipt of your letter of the 7th instant in regard to the alignment of the main engine crankshaft of the above vessel. We would advise you that the crankshaft deflection readings were checked in the presence of one of your Society's Surveyors at Fall River, Mass. on the 3rd instant and we have to-day received a report from the Chief Engineer of the vessel stating that everything was found to be satisfactory.

We also note what you write in regard to the Screwshaft Survey, and would advise you that m.s. "REGENT JAGUAR" is scheduled for dry docking during the second half of May when opportunity will be taken to deal with this matter.

Yours faithfully,
For C. T. BOWRING & CO. LIMITED.
