Dear Sir,

"Z A M A L E K"

The above vessel is presently commencing a Boiler Survey here, during which it is anticipated that the boilers will be at least partially retubed. The vessel will also be drydocked during this time.

The Owners are desirous of commencing the Special Survey, due April 1955, and doing as much as possible during the time the boilers are under repair (about 3 weeks) then completing the Survey in September next. The Superintendent is anxious to know, as soon as possible, the Committee's reaction to this proposal.

Enclosed is a letter from the local Workshop Manager of the Khdevial Mail Line.

Yours faithfully,

F.A. Macpherson

Surveyor.

The Secretary,
LONDON.
