11th November, 1935.

Dear Sirs,

I beg to acknowledge the receipt of your letter of the 9th instant respecting the Steam Trawler "WHITE PIONEER", Messrs. J. Lewis & Sons' No. 134, and in reply thereto I have pleasure in stating that no exception will be taken to the proposal to increase the breadth of the rudder by 6 inches by fitting a plate .80" in thickness on the after edge for the full depth.

It is therefore submitted the Writers be informed that no exception will be taken to the proposal to increase the breadth of the rudder 6 inches by fitting a plate .80" in thickness on the after edge for the full depth, provided this plate be attached to the existing rudder plate to the satisfaction of the Society's Surveyors.

I am, Dear Sirs,

Yours faithfully,

Secretary.

Messrs. Balanced Reaction Rudder Co., Ltd.,
