Sir,

S.S. "WEATHER OBSERVER".

Above vessel has been sold to Holland conditional upon delivery under  
own power to Rotterdam.

Vessel is now lying in James Watt Dock, Greenock.

We are acting as Brokers and Delivery Agents in this instance, and we  
understand that the Load Line Certificate has run out, and we require a  
Certificate for one voyage from Greenock to Rotterdam.

We would be greatly obliged if you would arrange to have the vessel  
inspected and let us know whether this Certificate can be issued as soon  
as possible.

It is of some urgency, since we cannot of course, conclude the business  
until this is done.

Yours faithfully,

D LINES SHIPPING COMPANY.
