Dear Sir,

"MACTRA"

With reference to Singapore Report No.12846 and to your Classing Letter regarding equipment of above vessel, no verification of the salvaged equipment could be made owing to the identification marks being no longer visible.

As the Owners Representative stated this was definitely the original equipment, re-testing was not considered necessary.

We would be pleased for your advice in this respect.

Yours faithfully,

A. L. Jewell

FOR THE SURVEYORS.

The Secretary,
LONDON.
