Dear Sirs,

S.S. "JALAKETU"

In reply to your letter of the 25th January, I have to say that provided the ship is opened up at Calcutta next month, examined as for Special Survey, repaired as necessary, and satisfactorily reported upon, the Committee will be prepared to assign a modified Special Survey notation for 12 months.

Provided that the H.P. cylinder, pistons and valves and the top and bottom ends and main bearings are found satisfactory when examined, no other machinery items need be seen; but any parts examined next month may be credited towards the Engine Survey if desired.

I shall be glad if you will advise the Owners accordingly.

Yours faithfully,

cc Cal

Deputy,
~~and~~ Clerk to the
Classification Committee

The Surveyors,
BOMBAY.
