Dear Sir,

Steamship "TULIPDALE"

Reverting to your memorandum dated the 5th ultimo, I have to inform you that the Reports of the survey carried out by the Newcastle-upon-Tyne Surveyors between the 29th September and 1st October have now received the consideration of the Committee.

At that time the cast iron propeller tips were found to be broken, and it was recommended that the cast iron propeller should be dealt with as found necessary by the end of September, 1965.

The Committee have continued the vessel's class subject to this matter receiving attention by that time.

In the meantime a fresh record of Docking Survey 9.64 has been assigned.

Please inform the Owners accordingly.

Yours faithfully,

pre Clerk to the
Classification Committee.

The Secretary,
LIVERPOOL.
