With reference to your letter of the 9th November, 1956, Ref. Class. (S) concerning these three vessels, the Modified Special Survey has now been commenced on the "AGATHA", and we have been informed by the Owner's Superintendent at this port, that due to the impossibility of obtaining Dutch Engineers the Ship's Registry is being changed to the British Flag.

We shall be pleased if you would forward the necessary requirements for this change of Flag at your earliest convenience.

We assume that on completion of the Modified Special Survey, it will be in order to issue an LL.S.T. for the proposed period of six months.
