E.C.3. 4th July, 1941.

JN/WG.

Messrs. Harland & Wolff Ltd.,  
Belfast.

Dear Sirs,

Nos. 1050/1051.

For your information, the writer visited the Admiralty Merchant Shipbuilding and Repair Department in Glasgow on June 20th, and the following matters were discussed and agreed:-

(1) A voice pipe connecting engine room and tunnels to be fitted in the after bulkhead of the engine room, this being to simplify the bunker arrangements for the 12 tunnel fuel tanks, and for our records we shall be obliged if you will forward to us a drawing of same, and particulars as to cost.

(2) FUEL LINE HEATER. This also has been agreed to, and we shall be glad to know if the sum of £57 covers the complete installation.

Yours faithfully,

(Signed) J. Nicol.

Superintendent Engineer.
