Dear Sirs,

M.V. "WAIRANGI"  
Refrigerated Cargo Installation

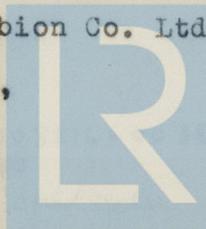

A Report has been received from the Society's Buenos Aires Surveyors in respect of a survey carried out between the 15th and 16th April last.

At this time, leakage of oil fuel was reported in the starboard bilge of No. 3 lower hold, and it was recommended that Nos. 4 and 5 D.B. tanks be kept empty until after discharge of cargo and until arrival U.K. port by the end of June, 1963, when, it is understood, repairs will be carried out.

Yours faithfully,

Deputy Clerk to the  
Classification Committee
