THIS IS TO CERTIFY THAT

the Engine No.13751, built by Messrs. Davey, Paxman & Co., Ltd.,
was surveyed during construction by the Surveyors to Lloyd's
Register of Shipping from the 16th July, 1918, to the 23rd
February, 1920, in accordance with the Specification and the
Society's Rules.

The materials and workmanship were found sound and
good and the Engine, if fitted on a vessel classed with this
Society, is in my opinion eligible for the record of
an LMC (Lloyd's Machinery Certificate) with date.
