29th August, 1957.

Dear Sir,

Steamer "MUSHTARI"

I am in receipt of your memorandum of the 23rd August from which it is noted that the Owners intend to test the 195 fathoms of chain cable in accordance with Rule requirements when the Screwshaft Survey is carried out in January next year.

I shall be glad if you will point out to the Owners that the condition of class respecting the chain cable has been outstanding since December, 1954, and it is, therefore, hoped that there will be no further delay beyond January next as the vessel's class may be placed in jeopardy.

Yours faithfully,

Date: 23rd August, 1957

The Owners advise that the chain cable on board will be tested at the time of the screwshaft survey which they propose to carry out in January 1958.

pro Clerk to the
Classification Committee.

J.R.P. Conolly, Esq.,

KARACHI.
