QUESTION.

ANSWER.

Date:—Oslo 28th September 1933

With reference to your Reports  
3934 and 4084, I shall be glad  
to learn what definite arrangements  
the Owners propose making to complete  
the modified Survey of the Oil Engine.

The owner states that this vessel  
is expected to arrive at Hamburg  
about the middle of October and  
he will instruct the Chief engineer  
to have as much as possible of  
the modified survey carried out.
