16387/8 "CALDARE". Classed 100A1, with notations of Lloyd's A & C P and LMC 12230, C.L. Elec Light.

In connexion with this case I may say that I have today received a letter from the London Office of the Owners who state that it is their desire that the classification certificates should be in Australia simultaneously with the vessel's arrival.

I shall therefore be glad if you will endeavour to obtain payment of the fees it having been pointed out to the Owners that the classification certificates, in accordance with the usual practice, are in the meantime being held up until the fees have been paid.
