Reference

Dear Sir,

I regret to have to inform you that the diameter of the low pressure cylinder of the S.S. "MANOERAN" was inadvertently given on our Report No. 76569 as 89" instead of 88".

The nominal horse power will, therefore, be 857, and I shall feel obliged if you would kindly alter this on our report.

The certificate of the machinery is returned to you and I shall feel obliged if you would kindly alter this, and return it to us.

I am, Dear Sir,

Yours faithfully,

Francis Peterson
