

It is submitted the Newcastle Surveyors should be informed by telegram that the Society's Surveyors at Glasgow have wired requesting the classification certificates for the hull of the steamer "MANOERAN" as soon as possible, the fees having been paid.

As the Newcastle Surveyors were informed (see Secretary's letter 3rd Nov. 1922) that the vessel had proceeded to Elswick for completion, it is submitted they should be asked to state by wire how the case stands and when they anticipate the vessel will be completed and their reports forwarded with a view to classification.
