CLASSIFICATION SURVEYS ON HOLT SHIPS.  
-----

IT IS SUBMITTED Messrs. Alfred Holt be informed, in reply to their letter of February 23, regarding the "IDOMENEUS" and "ORESTES", that the reports mentioned in their letter have been further examined. It is found the Surveyors in both cases reported the tanks to be either found or placed in good order, and it will therefore not be necessary to re-enter these tanks, and the references to pitting and corrosion in them may be omitted from the list of items requiring to be examined for class.

27th February, 1951.  
-----

Office Note: It is concluded the answer to the Owners' query regarding dry docking of the new ship will depend on the Committee's meeting at which these ships are to be submitted for class.
