

"ORESTES"

Sng. 9023

This case is stated in previous endorsements.

A Special Survey for classification has been carried out and a first entry report on the installation has now been forwarded.

The first entry report examined and found in order. Survey previously reported completed and record assigned.

IT IS SUBMITTED that this vessel's refrigerating installation is eligible to remain as classed.

Note for R.B.

Port aft generator engine.
