Dear Sirs,

"WINNEBA"

Fbd.

In view of the alterations referred to in your report C11(contd) No. 39710 a new freeboard computation has been made, but as this ship is limited by scantlings to a summer moulded draught of 25ft.4 $\frac{1}{2}$ in., the present freeboards remain unaltered.

I shall, however, be glad if you will report the vertical distance of the sill of the lowest sidescuttle above the top of the keel or if this is not available its distance below the freeboard deck.

Yours faithfully,

CFA

The Surveyors,  
ANTWERP

pro Secretary.
