

The condition of any of the following items is to be described as "good" only when the part has been examined, found or placed in good condition, and is considered the due date of the next Periodical Examination. Where it is considered that re-examination or repairs should be effected before the due date of the next Periodical Examination, a distinguishing mark thus † should be inserted against the item and the circumstances and action recommended described fully under "defects and repairs". At various surveyors' surveys, the surveyor's name should be inserted in forward.

The class is subject to the propeller being specially examined and dealt with as found necessary at the next drydocking.
