SPANISH - ENGLISH

J. Stuart Jolly
Mayor
Lloyd's Register of Shipping
PALLAS

Sir,

The 'Bureau of Maritime Affairs' of the Liberian Republic, in
Monrovia, have just requested urgently the following documents, with
reference to the m.v. 'BRUNA'.

- 1 Load line Certificate.
- 2 Certificate of Classification for Hull.
- 3 Certificate of Classification for Machinery.
- 4 Certificate of Measurement or affidavit.

On receipt of the above letter I made copy of same and
forwarded the original to Monrovia, where the vessel is operating, so
that the requested certificate could be obtained there, and at the
same time I am addressing this to you to kindly inform me of any news
you might have, regarding the documents you requested to Lloyd's Register
at the end of 1956.

For your guidance please be aware that the anchor and chain
certificate were forwarded to Lloyd's Register, from Monrovia, on
25th 1957.

As the above documents are very important for us, I would
greatly appreciate any news you could give me.

Please, when replying, do it in English, in order to send a
copy to Bureau of Maritime Affairs and also to our Agent in Monrovia.

Thanking you in anticipation and remain,

SGd. Jaime Molto.
