RECEIVED

11 OCT 1956

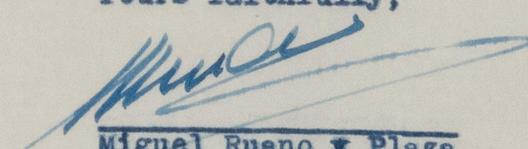

Dear Sir,

We have today received the plans and characteristics of the above vessel, and having been advised by Mr. Jolly, your Surveyor, Canarias Islands, that we shall require to address a request to your Committee, for Reclasasing this vessel in the Register Book, we have now pleasure in formally doing so.

The vessel is we consider in very good condition, and we have now renewed the tail end shaft, and fitted the second bilge pump, and are now acquiring a second compressor. No alterations have taken place in the structure of the vessel.

Please be good enough to consider our petition favourably, and with your earliest convenience advise us further as we are urgently requiring the vessel in service for the new fishing season.

Yours faithfully,

Miguel Ruano y Plaza
