Dear Sirs,

CLASSING LETTER

17307 "GEMMA". As recommended except that class has been continued subject also to the port and starboard LP cylinders (Metalocked 2.63) being specially examined by the end of April 1965.

These repairs were carried out in February 1963 and not February 1962 as stated in the S.R.L. and the condition of class therefore, has been extended to April 1965 and I shall be glad therefore if you will issue an amended Interim Certificate accordingly.

Yours faithfully,

pro Clerk to the
Classification Committee

The Surveyors,
SINGAPORE.
