THE PRINCIPAL SURVEYOR

The Secretary,
LONDON.

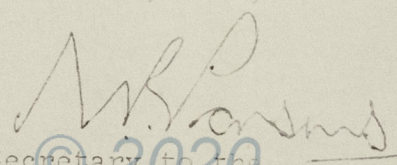

Dear Sir,

Steamers "BROWN BEAVER"
and "JOHN S. PILLSBURY"

With reference to the Lake Special Surveys which become due on these ships this year, the Owners confirm that they are still laid up and not likely to be recommissioned and they have no objection to the notation "Laid Up Pending Survey" being inserted against the names of these vessels in the Register Book.

They confirm that the "WILLIAM H. DANIELS", "GREY BEAVER", "SHIRLEY G. TAYLOR" and "BLUE RIVER" are still laid up and unlikely to be recommissioned.

Yours very truly,

Secretary to the
Canadian Committee
