Dear Sirs,

S.S. "CLAN MACAULAY"

The Report of survey held at Cape Town between the 9th and 13th September last has now received the consideration of the Committee.

As a result of this survey class has been continued subject, inter alia, to the Port Main Engine L.P. Engine being further examined and dealt with as found necessary in the United Kingdom on completion of the present voyage, and as this Engine is cut out the pressures and temperatures on this Engine to be adjusted to suit its exhaust turbine meanwhile.

I shall be glad if you will let me know at which port you intend to deal with this matter in order that the Society's Surveyors may be informed.

Yours faithfully,

pro Clerk to the  
Classification Committee.

The Houston Line Ltd.,  
4, St. Mary Axe,  
LONDON E.C.3.
