Collingwood Buildings,

Newcastle-on-Tyne, 1, _____

8th November, 1946.

The Surveyors,
Grimsby.

Dear Sirs,

Steam Trawler "NORTHERN DUKE".

We have to inform you that the Steam Trawler "NORTHERN DUKE" which was undergoing a refit at this port has now sailed for Grimsby. The survey of the electrical equipment has been completed except for the 8 Kw. generator. It was found that this generator was not satisfactory under load conditions and has been taken ashore for overhaul; on completion of overhaul the generator will be installed at Grimsby.

To complete the survey the 8 kw. Generator has to be tested under load conditions.

Yours faithfully,
THE SURVEYORS.
