This is a hand-drawn floor plan of a ship's deck, oriented horizontally. The plan is divided into several compartments, each labeled with its function and dimensions. The overall shape is elongated with rounded ends. A red line runs horizontally through the center of the plan, likely representing the centerline. Dimensions are noted in feet and inches, often with a decimal point (e.g., .36, .40, .45). Some areas are marked with red hatching, possibly indicating structural elements or specific materials. The layout includes a central corridor (GALLEY) flanked by various rooms and storage areas. At the right end, there is a staircase and a small structure labeled 'HOUSE'. The plan is drawn on a grid of dashed lines, which may represent structural ribs or bulkheads.

W.C.	3.4	Water Closet
ENGINEERS	3.0	Engineers' quarters
ENGINE CASING	3.0	Engine casing
