ough this ship was severely
by collision and fire in
1960, the owners informed
th January, 1961, that there
ssibility she might be re-
ted, but it was more probable
d be scrapped. Please enquire
ly let me know whether any
has been reached regarding
re.

We have been informed by the Owners' Istanbul Agents, that quotations have been requested for carrying out temporary repairs to enable the vessel to be towed to Scaramanga, Greece. The Agents can give no definite information on the future of the vessel, but it has been suggested that the vessel may be converted to a bulk carrier, if the cost is not prohibitive. We will inform you of any definite information when available.
