Enclosure

5th December, 1932

Your Ref: M.

Dear Sirs,

I beg to inform you that the T.S.S. "MANUELA" has been under the inspection of the Society's Surveyors at Curacao, with a view to the assignment of Convention freeboards, and it is found from their report that the freeboards as shown on the accompanying memorandum could be assigned when the Dutch West Indies Government have adopted the Load Line Convention, subject to the following condition being complied with:-

Efficient means of closing being provided for all ventilator coamings and air pipes, if this is not already the case.

I think it well to add that it will be necessary for the ship to continue under her present certificate until the Convention has been adopted by the Dutch West Indies Government.

The assignment of Convention freeboards in this case means an increase of  $5\frac{1}{2}$ " in the summer draught.

I am, Dear Sirs,

Messrs. The Anglo-Saxon  
Petroleum Co., Ltd.,  
St. Helen's Court,  
Leadenhall Street,  
E. C. 3.

Yours faithfully,

pro Secretary.
