IGS

With reference to your M. letters of the 10th October last relating to the above-named vessels, I beg to state that the typical first entry report sent for our guidance has been used for the first entry reports of these ships and these reports are being despatched by the same post.

The particulars given in the typical first entry report appear, however, to correspond with those of a "Victory" ship although the heading indicates "Typical Liberty Ship".

In case the typical report sent for our guidance does not apply to both types of vessels we would be much obliged to hear from you if any additional information is required or if a typical first entry report for "Liberty" ships is also available.

Thanking you in anticipation,

Yours faithfully,

The Secretary,
London.
