DATED 13th February, 1964

The Surveyor
to the Lloyds Register of Shipping,
Karachi.

Dear Sir,

s.s. Pakistan Prosperity

We wish to refer to your letter of the 17th ultimo with regard to the placement onboard the subject vessel one bower anchor and 45 fathoms of chain cables, we wish to advise you that the Chittagong Port Trust authorities have expressed the possibility of recovering the same from the stream near No.1 jetty at Chittagong. The matter is being pursued with the port authorities and hope that the said anchor and cables would be picked up by the said vessel when she calls at Chittagong in the third week of February.

Earlier we had made requisite arrangements to import one anchor and 45 fathoms of chain cables for the said vessel, but since we have been shown the possibility of recovering the lost one, ~~you~~ we will appreciate if we are allowed to place the same at Chittagong. We are awaiting confirmation from the port authorities and in the meantime we have also made alternative arrangements for the import of new ones.

Thanking you,

Yours faithfully,
For The Karachi Steam Navigation Co. Ltd.

S. M. Raza
