Dear Sir,

S.S. "GUAM PIONEER"

I have to acknowledge receipt of your letter of the 4th instant respecting this case.

A letter stating the classification position as a result of the survey which was completed at San Francisco on the 12th December, 1959, will be forwarded to you as soon as the reply regarding equipment (to which you refer) comes to hand.

In the meantime, copies of the plans requested have been prepared and forwarded to you today under separate cover as follows:-

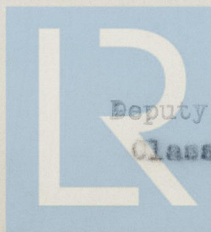

1. Bilge - transfer and settling tank piping.
2. Oil, ballast and bilge piping.
3. Pumping arrangement in machinery space (2 plans).

I shall be glad if you will collect and credit to this office the equivalent of the sum of £14 lls. Od. to cover the cost of preparation of these copies and postage.

Yours faithfully,

The Secretary,
NEW YORK.

Deputy Clerk to the
