14th September, 1933.

Dear Mr. Moller,

I am favoured with your letter of the 13th instant regarding the date of build of the tanker "ASHMORE" and I have to confirm my telegram to you today as follows:-

"ASHMORE - No alteration can be made in date of build but periodical special surveys could be dated from date of general examination of vessel in dry dock."

I may say that the case of this vessel was considered about a month ago when it was decided that no alteration could be made in the date of build, but that a provision in the Rules allowed the dates of the Special Periodical Surveys to become due at periods of 4, 8 and 12 years from the date of a satisfactory general examination in dry dock by the Society's Surveyors.

Hoping that this is the information that you require and that this decision of the Committee will suit your purpose,

I am, with kind regards,

Yours sincerely,

A. P. Moller,
8 Kongens Nytorv,
COPENHAGEN.
