

29 AUG 1933

Motor Tanker "ASHMORE"

This case is fully stated in endorsement dated 23.8.33, when enquiry was made of the Newcastle Surveyors as to whether this vessel has been laid up since she was built.

In reply the Surveyors state that this vessel has not been in commission, but is still laid up in the Tyne, where she has remained since her trial trip.

It is submitted that the submission in endorsement dated 23.8.33 might therefore be given effect to.
