Dear Sirs,

Ships Nos. 425/6 - "ADAPTITY" & "ACTUALITY"

With further reference to our letter of the 19th January, following is a copy of letter we have received from Messrs. F. T. Everard & Sons. Ltd., : -

"We are in receipt of your letter of 19th Jan. regarding the makers Test Certificates for the electric motors in the Engine Room of the above vessels.

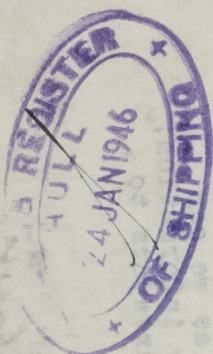

Lloyds obtained these Certificates direct from Messrs. Laurence Scott themselves, and we have already given Lloyds, London, the verbal information regarding the dates on which these Certificates were sent to them. So far as we can gather, Lloyds in London have all the necessary information, and therefore suggest that you tell the Hull surveyors to contact London."

Yours faithfully,
FOR THE GOOLE SHIPBUILDING & REPAIRING CO. LTD.
