

s.s. "ACTUALITY" & s.s. "ADAPTITY".

Submitted the Hull Surveyors be requested to forward the necessary test certificates for the electrical installation on the s.s. "ADAPTITY" as these do not appear to have been received.

They should confirm that the "Alternative Lighting" and "Fittings" are in accordance with the Rules for s.s. "ADAPTITY" and s.s. "ACTUALITY", and in this connection the Surveyors should be reminded to make their reply clear by a direct answer and not by a dash in the spaces provided in the report, so far as these questions relate to the installation concerned.
