Dear Sirs:

re: Motorship "WINNETOU"

This motortanker is still fixed until July 1959. Then the vessel is foreseen to become scrapped, whereas the classification is running until January 1959.

As it is intended to dock the vessel August 1958 we ask you to inspect the vessel at this time and to grant us the extension of classification until July 1959, when the vessel is on her last voyage.

We hope you will realize the special situation in this case and should be glad to get your confirmation.

Yours faithfully,
ATLANTIC-RHEDEREI
F. & W. Joch
