LLOYD'S REGISTER OF SHIPPING

UNITED WITH THE BRITISH CORPORATION REGISTER

No. 3471-A+B

Port H A M B U R G ,

13th July, 1953.

This is to Certify that

A. K n a u e r

the undersigned Surveyor to this Society did at the request of Deutsche Werft A.G., Hamburg, attend their works on the 8th July, 1953, for the purpose of examining and testing

THREE CAST IRON CYLINDER LINERS

intended for the main engine of the M.V. "WINNETOU", 6554 tons gross of Hamburg.

The cylinder liners were examined during and on completion of machining and found sound and in accordance with drawing No. PM 6/1288.

Upon completion the cylinder liners were examined under hydraulic pressure of 75 kgs per square cm. and found satisfactory. The workmanship and material are good.

For identification purposes the cylinder liners have been stamped as follows: -

LLOYDS TEST HAM.
No. 3471-A+B
75 Atm.
8.7.53 A.K.

W. Knauer

Surveyor to Lloyd's Register
of Shipping.

Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—
While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly
it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances
to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any
the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of
ittees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
