Dear Sir,

"EMPIRE HARVEST"

With reference to the note in Glasgow First Entry Report No.67910 on the above mentioned vessel to the effect that the approved plans had been forwarded with the report, it is thought well to remark that the plans in question have not been received here and it is concluded they are still at your port for use in connection with the sister ships now under construction.

I am, Dear Sir,
Yours faithfully,

The Secretary,
GLASGOW.

Clerk to the
Classification Committee.
