Lloyd's Register of Shipping,

COPENHAGEN.

24th April, 1926.

The Secretary,  
Lloyd's Register of Shipping,  
LONDON.

Dear Sir,

We beg to submit herewith per Commercial papers' post for the consideration of the Committee plan in duplicate showing arrangement of Bridge and Deep tank for Messrs. Naskov Skibsvaerft's new building No. 29.

The Owners' representative called at this office recently and stated that the vessel is to be built as a complete superstructure ship having a tonnage opening and with a draught of about 25 feet. This is in accordance with the plans approved on 16th April 1925, with the exception of the Bridge and Deep tank which is now proposed to be fitted.

We shall be glad if you will deal with the case on this basis.

I am, Dear Sir,

Yours faithfully,

(Signed) J.R. MACLEOD.
