Dear Sirs,

R.  
JMC/DET

M.S. "ALTIS"

With reference to my letter dated the 21st March, I shall be glad to learn within what definite time it is proposed to have the overdue machinery items examined together with the bilge pump and steering machinery which became due at the end of last month.

I take this opportunity to remind you that the Special and Auxiliary Boiler Surveys will become due at the end of June and July respectively, and that a Steampipe Survey requires to be held at the Special Survey. Your intentions regarding these inspections together with the machinery conditions of class referred to in my letter dated the 21st March will be appreciated in due course.

Yours faithfully,

Classification Manager
