Dear Sir(s), "LADY THOMAS".

I am directed to acquaint you that in accordance with the arrangements at present in force for the substitution of Special Periodical Surveys by successive General Examinations at twelve-monthly intervals, a General Examination for maintenance of class of the above-named vessel will require to be held before the end of **July next** and I shall be glad to learn, for the information of the Committee, when and at what port it is proposed to submit her for the requisite inspection.

I am, Dear Sir(s),

Yours faithfully,

W. Glynn Thomas, Esq.,
19, Old Hall Street,
LIVERPOOL, 1.

Malcolm K Scott

Secretary.

P.S. I have to add that the Society's Surveyors at Liverpool recommended in March last that framed (buckled and corroded) in hold and bilge plating (thin and buckled) (p & s) should be examined in dry dock and dealt with as found necessary on the occasion of the above General Examination.

I take this opportunity to inform you that the Annual Load Line Survey will become due on the 27th August next, and it is concluded arrangements will be made for this matter to receive attention concurrently with the classification survey.
