

RD REPORT on the

S.S. "Louisiana"

This submitted the Vels Surveyor he informed  
by cable as desired that the scantlings of the  
bulkheads in well can be approved.

Their form 116 giving full particulars of tonnage  
opening, closing appliances in between deck bulkheads,  
storm valves to scuppers, and memo of amended  
freeboards as assigned by N.V. are awaited.
