ANSR

Dear Sir,

I beg to forward herewith particulars for freeboard computation on form 11.0 for Messrs. Furness Shipbuilding Co's yard No. 22, s/s "LOUISIANA".

As in the case of the sister vessel, s.s. "DELAWARE", yard No. 21, Middlesbrough report No. 10885, the Owners desire the freeboard to be assigned by the Norske Veritas, which they have received as follows, :-

8' - 9"	from top of steel shelter deck at side to centre of disc.
6"	fresh water.
5½"	Indian Seas.
5½"	Winter "

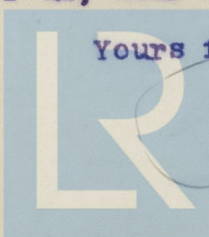

These are the same as were assigned to the above vessel and will be marked on the vessel's side as per sketch herewith enclosed, which it is presumed will be in order for our requirements as in the case quoted.

I am, Dear Sir,

Yours faithfully,

The Secretary,

London.
