Dear Sir,

We have the first entry report from Middlesbrough on the turbine tanker "WAVE EMPEROR". This is a sister vessel to a number of "EMPIRE" boats such as the "EMPIRE BOUNTY", but in this case the Owners are given as the Admiralty. I conclude she is a fleet oiler and will come under the Naval Stores Department, but perhaps you will confirm this and let me know whether it will be in order to give her particulars and class in the Register Book as is usual in such Admiralty cases.

I am, Dear Sir,  
Yours faithfully,

J. M. Murray, Esq.  
BATH.
