

MEMORANDUM.

FROM

Lloyd's Register of Shipping,
Lloyds Bank Chambers,
Middlesbrough.

TO

29th January, 1945.

The Secretary,

WOKINGHAM.

Dear Sir,

In reply to the enquiry contained in your classing letter of the 26th instant, for the Tanker "WAVE EMPEROR", Middlesbrough Report No. 17765, we have to state that the vertical wing plating of the oiltight bulkheads in the wing cargo tanks is .49 and that the thickness of the 10" face bar of the upper horizontal girder of these bulkheads is .45", and regret having omitted these particulars from our report.

It is also confirmed that the safety valves of the superheater were adjusted to 439 lbs as indicated on Report 5c.

We are, Dear Sir,

Yours faithfully,

The Surveyors,

Per:-

Cyril B. Scorer.
