Dear Sir,

Steamer "WAVE CONQUEROR"

I acknowledge receipt of your letter of the 10th instant, the contents of which have been noted.

The Owner of the ship visited this office recently to enquire as to the Society's requirements to enable the ship to be towed to Italy as a dead ship for breaking up.

The Owner was informed that the ship should be examined and found or placed in a satisfactory condition for the proposed voyage, with class suspended. It was explained that all towage arrangements would be the responsibility of the Owners. You will be in order in carrying out this examination at the request of the Owners and you will see that the question of a Donkey Boiler Survey no longer arises.

Yours faithfully,

Deputy Clerk to the  
Classification Committee.

L. S. Sims, Esq.,  
LE HAVRE.
