RECEIVED

11 2 FEB 1960 LE HAVRE, 10th February 1960

Dear Sir,

tanker " WAVE CONQUEROR "

Further to earlier correspondence between us on the question of the DBS on the above, I wish to advise that the port and starboard donkey boilers were examined on the 13th of February 1959 and subsequently the port donkey boiler was examined under steam and the safety valves adjusted.

Despite notices and verbal applications the opportunity has never occurred to permit the survey to be completed and quite recently an application for an examination of the vessel afloat was made to this office.

The question of the completion of the DBS was raised and it was stated that this no longer applied as the vessel was to be towed to Italy for breaking up.

It has been arranged with the Owners (Mr H.G.POUNDS - Portsmouth) Agents at Paris to pay the Fees and expenses for the DBS as though it had been completed and an account for 360 NF and 40 NF expenses is being submitted.

In these circumstances N° Report 9 has been made out and no Certificate issued.

Yours faithfully,

Leslie S. Sims

Leslie S. SIMS.
Surveyor.
