3rd May, 1962.

Dear Sirs,

Steamer "ORIENTAL."

At a survey held at Yokohama in February/March, the main circulating pump lower casting was examined and found to remain efficient meantime.

It was recommended that this item be renewed by June, 1962 and the Committee have continued the class subject, inter alia, to this matter receiving attention.

I shall be glad if you will inform the Owners and ascertain what arrangements they intend making regarding this renewal.

Yours faithfully,

Deputy Clerk to the
Classification Committee.

The Surveyors,
HONG KONG.
