Observations, Opinion as to Class, Recommendation, &c.:-

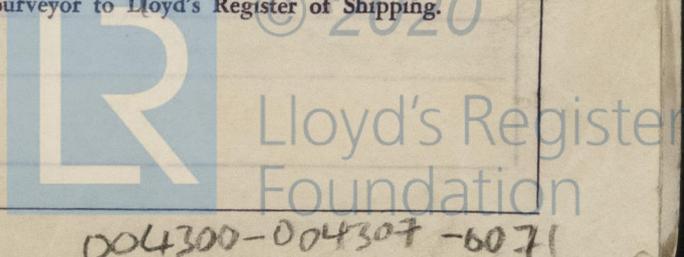

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon survey, thus, for example:- "to remain as classed in the Register Book without fresh record of Survey," "to remain as classed and to have record of 1,38," or "to remain as classed and to have record of survey, 1,38, and the notations of ss No. 1-38."

Vessel is eligible in my opinion, to be continued as classed without fresh record of survey,
